Education

University of Edinburgh — Edinburgh, UK
M.Sc. Speech & Language Processing — *September 2020 – September 2021*

- Dissertation title: "Low Resource Speech Synthesis"
- Distinction (80% coursework average, 90% Dissertation grade)
- Saltire Scholarship (£8,000)

University of British Columbia — Vancouver, BC
B.A. Honours Linguistics, Minor in First Nations' Languages — *September 2012 – April 2016*

- 4.21 GPA (90.2% Average)
- Sole recipient, Dean's Leadership Award for Outstanding Academic Contributions to the Faculty of Arts
- 1st Place Oral Presentation at UBC Multidisciplinary Undergraduate Research Conference 2016

Experience

National Research Council Canada — *Victoria, BC*

- Associate Research Scientist — July 2024 – present
- Assistant Research Scientist — July 2023 – July 2024
- Indigenous Languages Technologist — January 2022 – July 2023
- Application Development Specialist — January 2018 – January 2022

Software Developer & DevOps Engineer — October 2016 – June 2020
First Peoples' Heritage and Language Council of Canada — *Victoria, BC*

- Developed 18 digital dictionary apps for iOS and Android, custom approximate search algorithms and continuous deployment devops architecture with fastlane

Software Developer — November 2016 – June 2019
University of British Columbia — *Vancouver, BC*

- Lead programmer for the development of four digital 'talking' dictionaries for web, iOS, and Android, including language-customized approximate search algorithms

Software Developer — August 2016 – January 2017
Simon Fraser University — *Vancouver, BC*

- Lead developer for development of orthography conversion tools for Haíłzaqv and Tsilhqot'in

Community, Leadership & Service

Member, ISO/IEC JTC 1/SC 2 (Coded Character Sets) — April 2024 – present
Standards Council of Canada — *Remote*

- Canadian mirror committee member providing input to ISO/IEC 10646, the international standard counterpart to Unicode
- Advocates for the character encoding needs of Indigenous languages, a prerequisite for any written language to be used digitally

Volunteer Developer — May 2016 – present
Various — *Remote Work*

- Volunteer supporting a variety of online open-source projects including:
- Squamish Dictionary project, Peter Jacobs, Simon Fraser University
- Inupiaq Dictionary project, Myles Creed, University of Victoria
- Designed and built Chrome OS keyboard for SENĆOŦEN language

Reviewer — Periodically since 2018
Various — *Remote Work*

- Transactions on Audio, Speech and Language Processing (TASLP)
- Computer Speech & Language (CS&L)

- Journal of Medical Internet Research (JMIR)
- Expert Systems With Applications (ESWA)
- Native American and Indigenous Studies Journal (NAIS)
- Association for Computational Linguistics (ACL)
- ELRA Language Resources and Evaluation Conference (LREC)
- The Use of Computational Methods in the Study of Endangered Languages Workshop (ComputEL)
